Professor Christian Perronne, MD, PhD
- 8:45-9:15 *Presence of Lyme in Poland*  
Professor Tomasz Wielkoszyński
- 9:15-9:45 *Lyme in Ukraine: Detection in Ticks & Humans*  
Professor Maria Shklina, PhD
- 9:45 -10:30 Networking Break with Poster Presentations
- 10:30-11:15 *Babesiosis, a world-wide problem - What are the best tests for diagnosis  
-20 years prospective*  
Jyotsna Shah, PhD
- 11:15-12:15 *Bartonella Epidemiology and Infection*  
B. Robert Mozayeni, MD
- 12:15-12:30 Question and Answer Period with Morning Faculty
- 12:30-13:30 Lunch for all registrants
- 13:00-13:30 Poster Presentation viewing
- 13:15-13:45 Lunch talk Oral Poster Presentation

## AFTERNOON SESSION

Registrants choose between two tracks.

### Track A - Research

Moderator: Prof. Christian Perronne, MD PhD

- 13:30-14:00 *Mycotoxins*  
Barbara de Rijdt, PharmD
- 14:00-14:30 *Borrelia Round Bodies & Immune System Activation*  
Leona Gilbert, PhD
- 14:30-15:00 Networking Break with Poster Viewing
- 15:00-16:00 Eva Sapi, PhD
- 16:00-16:30 Christina Daschkin, PhD- BCA Clinic
- 16:30-17:00 Question and Answer Period with Faculty

### Track B- Lyme Fundamentals

Moderator: Kris Majdylo, MD

Faculty: Samuel M. Shor, MD, Immediate Past President, ILADS  
Kristine Gedroic, MD, ILADS Board member

- 13:30-14:30 *Part 1- Basic Concepts*  
Definition & Incidence/2 standards of care  
Historic perspective  
Clinical manifestations  
    Acute  
    Chronic
- 14:30-15:00 Networking Break with Poster Viewing
- 15:00-16:15 *Part 2 - Management*  
Clinical Judgment  
    Short term antibiotics in late stage disease  
    Evidence of persistent infection  
    Treatment  
        Prophylaxis  
        Acute Lyme-with or without an EM Rash

Long term treatment  
    “No Benefit” -analysis of these studies  
    Positive outcomes of retreatment  
Antimicrobials  
Clinical Oversight

16:15-16:45 Networking break with poster presentations

16:45-17:30 *Part 3 - Pathogenesis*

17:30 Adjourn

## **Saturday, June 16, 2018- Advances in Lyme**

Morning Moderator: B. Robert Mozayeni, MD

7:30 Registration and exhibits open

8:15 *Welcome*  
Ronald Wilson, MD, ILADEF President

8:30 *Bacterial Biofilms and Long Term Antibiotic Treatment*  
Niels Hoilby, PhD

9:00 *Biofilms in Lyme*  
Eva Sapi, PhD

9:30 *Rickettsia Infection*  
Prof Tomasz Wielkoszynski, MD, PhD

10:00 Networking Break with Poster Presentations

10:30 *Chronic Inflammation of the Brain*  
Prof Theoharis Theoharides, PhD

11:00 *Sickness Behavior in Children with Lyme - Altered Immunity*  
Magdalena Cubala-Kucharska, MD, PhD

11:30 *Low-Dose Naltrexone as a Treatment for Chronic Inflammation*  
Pol de Saedeleer, PharmD

12:00 *Effect of Chronic Inflammation Caused by Viruses on the Course of Chronic Lyme*  
Armin Schwarzbach, MD, PhD

12:30 Lunch for all Registrants

## AFTERNOON SESSION

Moderator: Professor Tomasz Wielkoszynski

- 14:00      *Immunity, Gut, Infection*  
              Kristine Gedroic, MD
- 14:30      *Inflammation in Children with Tick-Borne Disease*  
              Professor Jaroslaw Pasnik, MD, PhD
- 15:00      Networking Break and Poster Viewing
- 15:30      *Neurotransmitters in Immune Stress*  
              E. Marion Schneider, PhD
- 16:00      *Antibiotic Treatment for Chronic Diseases*  
              Jack Lambert MD PhD
- 16:30      Question and Answer with all Saturday Faculty
- 17:00      Adjourn

\*\*Simultaneous Translation between English/Polish and Polish/English
